Annual Financial Report for Lewisham Polish Centre

Lewisham Polish Centre AGM, 16 May 2026, 17:00

Income

The income for LPC this year (1 April, 2025-31 March, 2026) consisted mainly of rents, hire and services, and totaled £58k. I am pleased to confirm there are no payments due to LPC at the moment and we have not experienced any significant payment delays during the past year. It is worth mentioning that membership fees as well as fundraising activities have also contributed significantly to this year's financial results.

Expenditures

Regular expenditures this year included a number of professional services, relating to the upkeep of our property at 8 Waldram Park Road, as well as the usual cleaning and bills. Other spending included subscriptions, insurances and office supplies. In total, LPC spent just under £38k.

Net income

In spite of significant spending, LPC was able to turn a £20k profit this year, which is particularly important in light of repair and building works planned for next year. I would like to take this opportunity to thank all the supporters and volunteers who have contributed to this result as well as the day to day running of the Centre.

Eliza Nowosielska

Treasurer
